

Route 18 Winter Shelter

Three years ago, with a growing homeless problem in Brent, some Churches got together to try to help.

Three years on we have managed, with a lot of support and cooperation across the Borough, to house some 100 people, find employment and training, and perhaps best of all, enable people to valued, regardless of the situation. God's unconditional love at work.

We are now covering every evening with two venues, and during each day warmth and support at Cricklewood Homeless Concern, therefore giving 24 hour cover, rather than just overnight.

This past Christmas another Faith group also helped, which was very encouraging. Each venue, has also found themselves, getting to know the clients well, and each other, at a great depth than before.

God is clearly bringing joy out of despair, in our little bit of this great Global City.

By Revd Bob Pritchard, Wembley Circuit.
