

# The Learning Network in London

*We're here to resource you.*

The Learning Network offers a wide range of learning and development resources. Team members are here in London to help you to access the learning/development opportunities that interest your church or circuit, including:

- skills for your role in the church;
- new ideas for worship, young people, chaplaincy;
- support for pioneer ministry;
- theological reflection;
- vocational exploration;
- leadership development
- support with mission planning

These are just some of the resources the team can offer. There are great opportunities to learn with others online or in person as well as the potential to tailor learning to the needs of your Circuit.

Our Learning Network colleagues have an immense range of gifts and experience which we can help you to access - please tell us what will help your circuit to grow and learn.
